WAMC Kids Marathon

The West Australian Marathon Club joined the national Kids Marathon Series in 2008. It has been a great success and we are looking forward to the Perth Kids Marathon continuing to grow bigger and bigger each year. It has a unique format that allows kids, kindergarten through high school to run a marathon… one kilometre at a time. It will be held in conjunction with the annual Perth Marathon on Sunday 12 June, 2016. All children are encouraged to commence a training program in April/May/June and start logging their kilometres. The aim is to run the first 40km of the marathon distance over a number of weeks in the child’s own time, then on marathon day complete the final 2.195km at the 2016 Perth Marathon. This is a great opportunity for children of school age to start an exercise program that will continue over a number of weeks and culminate in the completion of a “marathon”.

How to Run Your Marathon

Find a safe place to run. Walk or run 40km in the 8 weeks leading up to 12 June. Use the training schedule to help plan your runs.
